

General Information

Every student in Room 10 will be expected to strive to be the best they can and to make the most of all the opportunities that come their way.

Students should be spending about 30 minutes each night engaged in learning at home.

Learning Conferences are held in Week Four. This will be based around your child's conference report and to set learning goals together.

I look forward to working with you to create the best learning outcomes for your child.

Organisation

Monday
Metal Technology or
ICT/Art
Wednesday
Food and Wood Technology
Thursday
