

General Information

Every student in Year 8 will be expected to strive to be the best they can and to make the most of all the opportunities that come their way.

Students should be spending about 30 minutes each night engaged in learning at home.

Each student will have a school diary to record goals, homework, notes and much more. This is a great tool for student/teacher/parent communication.

Students need to be organised each day, this includes having a school hat, swimming gear/PE gear, diary, books and their stationery.
