

ICAS REACH 2020 Entry Form

We are pleased to be able to offer the ICAS REACH assessments to our students this year. The choice to participate is optional.

Reach Assessments provide insight into your child's higher-order thinking and problem-solving skills in English, Mathematics, Science, Writing, Spelling and Digital Technologies. The reports allow a broader perspective of student performance against a global forum. You will have access to data that identifies their strengths and weaknesses in each assessment.

The assessments are suitable for students across a wide range of ability levels. Students are presented with high-quality, expert-developed questions allowing students to apply their learning without the need for prior study or revision.

If you are interested in having your child sit one or more of these tests then please fill in the slip and return it to school with payment no later than Friday 27th March. No late entries can be accepted. Mrs Young has access to previous test exemplars if you would like to see what types of questions are included.

The students can participate in as few or as many as they like and the tests will be administered during the school day. **Due to the students being entered and paid for in early April we are unable to give any refunds if the students are absent on the test day**, although we will try our best to accommodate them the next day.

When entering please **ensure you have indicated if your child is a Year 7 or a Year 8.**

We look forward to some excellent results in these challenging tests.

Debra Young

Deputy Principal

ICAS Reach Assessments
